4. [] I called Representative Robert Leggett (D., Calif.) in response to his call to [] OGC, concerning the request from Messrs. Paul Y. Seligson, Attorney for Saturn Airways, Inc., and Richard J. Kendall, Attorney for Overseas National Airways, Inc., for classification of a series of documents relating to Saturn and ONA intervention in the Civil Aeronautics Board hearing on the sale of Southern Airways. In brief, I told Representative Leggett that the request had been received and was under review. I noted that the prime matter for protection is the Agency involvement. Representative Leggett agreed and told me that the time press from his point of view relates to the Air Force contracts which will be under final determination in the next several days. I told Representative Leggett that I would check the matter and be back in touch with him tomorrow morning.

5. [] Met with Dorothy Fosdick, Senate Permanent Investigations Subcommittee staff, who asked me to check on a personnel case for Senator Jackson. The Senator is most interested that the case be given a proper review and in the event of unfavorable final determination that as much time as possible be allowed the individual to work out other employment arrangements.

6. [] Talked to Wayne Birdsall, of the reporting firm of Ward & Paul, and advised him that today's briefing of Senate Armed Services will be Top Secret. It will be necessary to follow the previously arranged security procedures in the handling of reporter's tapes, transcription, and the final transcript. Birdsall's people will work with us but his ability to transcribe Top Secret material is severely limited at this time.
